MAURICIO GONZÁLEZ

PROFILE

Full-stack developer with 4+ years of experience building enterprise web applications, mainly for the energy sector. Strong focus on React, TypeScript, Python, and Django. Skilled at delivering clean, scalable code, creating intuitive UI/UX, and collaborating in English-speaking teams. I combine solid engineering fundamentals with efficient use of AI tools to speed up development and improve product quality.

SKILLS

- *Proficient in English (spoken and written)*
- *React.js*
- *Node.js*
- *TypeScript*
- *Python*
- *Docker*
- *CI/CD*
- *Figma*
- *UX/UI Design*
- *Strong communication skills*
- *Teamwork and collaboration skills*
